

REMARKS

The Examiner has required identification of four additional sequences in the specification. Applicants have amended the specification as indicated by the Examiner by adding SEQ ID NOS:127-131. Submitted herewith in connection with the above-referenced patent application is a substitute, computer readable copy of the Sequence Listing that corrects the defects noted in the Communication. No new matter has been added to the substitute Sequence Listing.

In view of the above, Applicants believe that the instant application is fully responds to the sequence requirements set forth in the previous Office Actions. Applicants respectfully request the above-referenced patent application be placed upon the files for examination.

Applicants believe not fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 12-0080, under Docket No. CPI-012CP4DV from which the undersigned is authorized to draw.

Dated: November 11, 2003

Respectfully submitted,

By
